DETAILED ACTION

This is the first office action in response to the preliminary amendment filed on 10/26/2004.

Allowable Subject Matter

1. Claims 13-36 are allowed.

With respect to claim 13, the following is an examiner's statement of reasons for allowance: the prior art of record neither discloses nor makes obvious the combination set forth in the independent claims, and especially does not show "the second part having a stowed position in which the second part surrounds the first part and is positioned closer to the motor,..... the extension mechanism comprising a plurality of swiveling extension arms distributed over a circumference of the first part, and coupled between the first part and the second part, wherein the extension arms have first and second ends, such that the first ends are hingedly connected to a support structure provided on an outside of the first part; and wherein the second ends are displaceably arranged with respect to an inside of the second part and configured to be swivelable while reducing a radial distance of the second ends to the first part", in combination with the other claim limitations.

With respect to claim 26, the following is an examiner's statement of reasons for allowance: the prior art of record neither discloses nor makes obvious the combination set forth in the independent claims, and especially does not show "the second part having a stowed position in which the second part surrounds the first part and is positioned closer to the motor,..... wherein each of the extension arms comprise one of a sliding and rolling element on an end facing the second part, and the sliding and rolling element is

structured and arranged for a sliding or rolling movement with respect to an inside of the second part", in combination with the other claim limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
